FEBRUARY 05, 2018

Happy Design Crush Monday. This week we are heading south to New Orleans to feature wallpaper, fabric and design maven, [Nomita Joshi-Cupta](#). Nomita Joshi Interior Design is an eclectic full service interior design firm that blends a love of art and culture with a global appreciation. Nomita artfully collects and designs for a modern and sustainable lifestyle.

Nomita's store, [Spruce](#), is not just a showroom, but a curated resource for one-of-a kind wallpapers, commercial and artist-produced fabrics and unique furniture. Nomita is well-versed in finding extraordinary, well-made and responsibly manufactured products for her clients and for her showroom.
